October 10, 2013

Now Available: Free Practice Test for 2014

The following was sent to all KYAE program directors and staff via KYAE listserv.

As shared at the recent regional meetings, GEDTS® has been promising access to a "read-only" version of practice test questions – which it has now released.

The official practice test (GED Ready™ test) for the 2014 GED® test is expected to be available for purchase in November 2013 from GEDTS®. Please note that we continue to discuss options for a statewide buy for those tests.

The official GED Ready™ test is expected to be half the length of the GED® test, and this read-only version appears to be an abbreviation of it. GEDTS® is providing this preview so that program directors and instructors may take a look at what to expect on the GED Ready™ test and, in turn, the 2014 GED® test. Click on the link below for access to online viewing and downloads.

==Please be sure to share with all staff.==

Thank you!

Free practice test shows what to expect in 2014

With the 2014 GED® program, we're fundamentally shifting our focus to center on the adult learner and what they need to get a good job with good wages. That's why we've redesigned the 2014 GED® test. The new 2014 GED® test measures the college- and career-readiness skills students need, and prepares them with a basic level of computer literacy to compete in today's job market.

Wondering what this new test will look like? Take a few minutes today to see what the 2014 GED® test has in store for your students. [Access the free practice test](#) and get a preview of the content and technology that will be part of the 2014 GED® test.
